CERTIFIED BIRTH CERTIFICATE REQUIRED FOR NEW STUDENTS

South Dakota State Law 13-27-3.1 through 13-27-3.3 requires the parent or guardian to present a **certified** copy of a child's birth certificate upon the child's initial enrollment in a South Dakota School. If a certified copy is not obtainable, the parent may submit an affidavit in lieu of the birth certificate as issued by the Department of Health.

It is not necessary for the school to keep this certified copy of the birth certificate. We will copy the certificate for our files and return the original to you.

If a birth certificate is not presented at the time of a student's initial registra-tion, the student may be provisionally admitted for a maximum of ten (10) days.

*******If the birth certificate is not provided within ten (10) days of registra-tion, the student will not be able to continue attendance until the birth certi-ficate is presented to the school office.**

If you need to obtain a copy of the certificate, the County Register of Deeds may be helpful to you.

If you have any questions or need any further information, please contact the school office.
