However, Alcester-Hudson School District may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with the district procedures. The primary purpose of directory information is to allow the Alcester-Hudson School District to include this type of information from your child’s education records in certain school publications. Examples include:

Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – name, addresses, and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If you do not want Alcester-Hudson School District to disclose directory information from your child’s education records without your written consent, you must notify the district in writing by August 20, 2019, Alcester-Hudson School District has designated the following information as directory information:

PREFACE

This booklet is for the use of the students, parents, and teachers. Its primary purposes to set forth the requirements for graduation, and to acquaint students with the educational opportunities and regulations of our school program.

All students are responsible for becoming familiar with this handbook, as they will be held strictly accountable for its contents. It is suggested that each student

carefully read this handbook now and keep it as a future reference to refer to from time to time. Since it is assumed that every student completely understands the policies governing our school, violating a regulation or policy out of ignorance or forgetfulness will not be an acceptable excuse. If you do not fully understand something or have a question, please feel free to ask the principal for an immediate, precise explanation.

**NOTICE - SUSPENSION FOR ONE YEAR
REQUIRED FOR BRINGING A GUN OR FIREARM
ONTO THE SCHOOL GROUNDS**

(Adopted 4-11-96)

DANGEROUS WEAPONS IN THE SCHOOL

Schools should be an example of what is required regarding the observance and respect for law in society at large. Schools also must be highly conscious of the health, safety, and welfare of students, staff, and the public.

State and federal laws, as well as board policy forbids the bringing of dangerous or illegal weapons to school or school sponsored activities. Any weapon taken from a pupil shall be reported to the pupil's parents. Confiscation of weapons may be reported to the police. Appropriate disciplinary or legal action or both shall be pursued by the building principal.

A dangerous weapon is defined as any firearm, or air gun, knife or device, instrument, material or substance, whether animate or inanimate, which is calculated or designed to inflict death or serious bodily harm.

No firearms are permitted on any school premises, school vehicle or any vehicle used for school purposes, in any school building or other building or premises used for school functions. An exception would be weapons under the control of law enforcement personnel, starting guns while in use at athletic events, firearms or air guns at fire ranges, gun shows, and authorized supervised school training sessions for the use of firearms.

If a student has intentionally brought a firearm onto school premises, or was in possession of a firearm on the school premises, the expulsion may not be for less than twelve months. These matters will be referred to law enforcement officials.

However, the superintendent of schools may recommend an increase or decrease in the length of a firearm-related expulsion on a case-by-case basis.

This policy shall be implemented in a manner consistent with IDEA and Section 504. For the purpose of this portion of this policy, the term "firearm" includes any weapon which is designed to expel a projectile by action of an explosive, the frame or receiver of any such weapon, a muffler or silencer for a weapon, or any explosive, including any poison gas.

ACADEMIC SECTION I

ENROLLMENT - All students wishing to enroll in the Alcester - Hudson School must meet the State requirements concerning immunizations. (Students entering school for the first time or students transferring from out-of-state must present proof of required immunizations, as well as a copy of their birth certificate, before being admitted.)

A certified birth certificate is required for a new student to be admitted. If the birth certificate is not provided within ten days of registration, the student will not be able to continue attendance until the birth certificate is presented to the school office. It is not necessary for the school to keep this certified copy of the birth certificate. We will copy the certificate for our files and return the original to you. South Dakota State Law 13-27-3.1 through 13-27-3.3 requires the parent or guardian to present a certified copy of a child's birth certificate upon the child's initial enrollment in a South Dakota School. If a certified copy is not obtainable, the parent may submit an affidavit in lieu of birth certificate as issued by the Department of Health.

If you need to obtain a copy of the certificate, the County Register of Deeds may be helpful to you. If you have any questions or need any further information, please contact the school office.

REGISTRATION - Most of you have already selected your classes for this year so registration will be just a matter of filling in a schedule. Keep these points in mind when filling your schedule cards:

1. Have you met the requirements of your present grade? 3. Make certain that your selection of subjects includes all requirements for graduation.
4. Changes in your schedule can only be made with the permission of the guidance counselor and the teachers involved the parent's consent and the principal. Forms for a request for a class change can be picked up in the guidance office. A student may not drop a class after 10 school days of the 1st and 3rd 9-weeks without a failing grade at the time of withdrawal being recorded and used for G.P.A. and Honor Roll.

CORRESPONDENCE CLASSES – Correspondence Classes will be accepted but no more than 3 credits can be used to meet the credits required for graduation. The Alcester-Hudson discourages early graduation.

FOREIGN EXCHANGE STUDENTS GRADUATION AND ACTIVITIES PARTICIPATION: Foreign exchange students may participate in commencement exercises but they will not receive a diploma from the Alcester-Hudson school. They will receive a certificate of attendance. Foreign exchange students may participate in extra curricular activities sponsored by the SDHSAA if their sponsoring agency is recognized by the CSIET, which sanctions each group that brings foreign exchange students into the state.

EARLY GRADUATION POLICY - Students who have met the graduation requirements by the end of the first semester may graduate; however, the school will only hold one commencement

exercise and that will be held in May. Any student wishing to participate in school activities such as prom, and band/chorus trip must be enrolled as a full time student the semester of the event(s). Graduation is the exception to the rule. Students who graduate at the end of first semester and want to attend the commencement exercises must attend commencement rehearsals.

Students who plan to attend any South Dakota state university must meet the following:

POLICY CONCERNING ISSUANCE OF DIPLOMAS

All students who complete graduation requirements shall be eligible to receive a diploma during commencement exercises. The standard courses offered may be modified by an Individual Educational Program (IEP) so that a handicapped person may complete a program geared to his/her own capabilities and will meet graduation requirements and receive a standard diploma.

All diplomas will be inscribed so as to direct the reader's attention to the transcript which will contain all information pertinent to the student's educational program. Early graduation (end of 6th or 7th semester) is possible but there will only be a ceremony in May.

A Regents' Scholar Diploma will be awarded to any student who has completed four units each of English, Mathematics, and Science, two units of Foreign Language or Native American Language, and three units of Social Science. As a Regents' Scholar, this high school graduate has the privilege of admittance to any South Dakota public institution of higher learning. (This is subject to change each year by the State)

Any student who has completed four years of high school but has not acquired the necessary credits for graduation will not be eligible to participate in commencement exercises if at the end of the first semester of their senior year they are not enrolled in enough classes to meet the graduation requirements. If at the end of the year eligible students don't meet the requirements, they will still be allowed to participate in the Commencement exercises and will be issued a certificate of attendance. A regular diploma will be issued upon the student's completion of the necessary requirements.

A composite picture of all students who have received a diploma will be displayed permanently at the elementary commons.

PROMOTION GUIDELINES FOR STUDENTS IN GRADES 7

& 8: It is the policy of the Alcester-Hudson School to prepare our students for the real world and to be an asset to society. As a learning institution, we must be accountable for the students that enter the real world from our school. If more time is needed to prepare an individual student, then it may become necessary to retain that

student.

When the work of any child has been below the minimum level of achievement commonly accepted for promotion, the case must be recommended to the administration by the student's teacher.

The administration, the teacher, the parent, and the student will then meet to discuss the deficiencies that have been identified.

This group will decide whether the student's deficiencies are significant to require the student to be retained.

HOMEWORK POLICY: Homework is regularly assigned in all classes and is the responsibility of the students.

Because of the number of activities that the students are involved in both at school and at church no evening is excluded from homework.

The homework policy for students on Individualized Education Plans may be modified in accordance with the I.E.P.

JH LATE HOMEWORK POLICY Homework is due at class time. If homework is not handed in during class, it is late and, at best, can receive a 75% on that homework. If, by the next block of that class, the homework is still not handed in, the best a student can get on it is a 50%. If by the 3rd class you still don't have it handed in, it will be given a 0%. This is reference to school days only - not weekends and vacations

GRADING: The grading system which will be employed by the Alcester-Hudson School System is the one, which is most widely used among the schools of our nation. Letter markings of A, B, C, D, F, or I will be used. The last mark listed, "I", indicates only that work is incomplete and that no mark is awarded at least until the work is completed. Incomplete grades will become "F's" at the end of the semester.

It is necessary to assign numerical values to marks so they may be averaged. In our school, numerical values of various marks are as follows: A-4, B-3, C-2, D-1, F-0. Grade point average is based upon semester grades.

Unified Grading Scale

A	100 - 92
B	91 - 84
C	83 - 76
D	75 - 68
F	67 - below

ACADEMIC ELIGIBILITY POLICY

(Adopted 05-08-06) (Amended 8-14-06) (Amended 11-15-10)

(Adopted 1-10-11) (Amended 6-12-12)

A student must be passing 6 of his/her classes to be considered eligible for extra-curricular participation in a SDHSAA sponsored or other competitive events. In the event the student is not passing in two or more classes, the following procedures will be in effect:

A. Student academic progress is evaluated each week with an academic progress report of students with grades of 67% or lower being sent to the office Monday morning. The first eligibility report will be effective on the 14th full day of school each new semester. After that eligibility will run from Monday noon to Monday noon.

B. During a week of ineligibility, the student may continue to practice but will not be allowed to participate. The student may not leave school early to attend a function sponsored by SDHSAA or other competitive events.

C. The student will be allowed to resume participation in SDHSAA sponsored or other competitive events when the grade is passing (68% or higher) on Monday's report provided the student has regularly attended practices.

D. Students ineligible at the end of the semester will remain so until the beginning of the next semester.

E. Junior High students will follow the same Eligibility Policy.

F. If an activity is scheduled that causes a team or group to leave prior to Monday noon, eligibility for that activity will be determined from the previous week's report.

G. All students must be in compliance with SDHSAA eligibility rules.

HOME SCHOOL STUDENT may participate in extra-curricular activities provided they attend & pass 2 classes at Alcester-Hudson School, provide proof of academic progress in 2 home school classes, and meet the extra curricular eligibility requirements of Alcester-Hudson School with the policy to be reviewed annually.

SEMESTER TESTS: Semester tests should count no more than 1/5th of the semester grade. Semester tests are a part of the learning situation and will be given in all classes.

REPORT CARDS: Report Cards will be mailed out at the end of each quarter. Mid-term reports will be sent home with each student at mid-term of each nine-week period.

HONOR ROLL: The Honor Roll will be as follows:

Straight "A" Honor Roll all A's

"A" Honor Roll "A" average (GPA 3.65)

"B" Honor Roll "B" average (GPA 2.75)

Drivers' Education is not averaged in for Honor Roll.

CLASS RANK: Class rank will be determined by 4.0 scale.

TARDINESS:

1. Each semester of the school year, a student is allowed to accumulate 3 tardies without punishment.
2. Upon receiving a 4th tardy, a letter will be sent home to the parent's outlining the tardy policy and to inform the parents that their son/daughter will serve a Saturday detention for the offense.
3. If a student receives a 5th tardy, he or she will be given 2 consecutive Saturday detentions. This letter home will also explain that receiving another tardy will result in in-school suspension
4. The 6th tardy will result in one day of in-school suspension.
5. Students arriving at school after 1st hour begins and until 8:45 will be given a tardy. After 8:45 they will be marked absent.

STUDENT ATTENDANCE: The entire process of education requires a regular continuity of instruction, classroom participation, learning experiences, and individual study in order to reach the goal of maximum educational benefits for each student. While it is true that written work can be completed despite a student's absence from class, class instruction and presentation, discussions, audio-visual presentations and student-teacher interaction can never be made up for an individual student who has missed them. This is the essence of schooling. One period is counted as $\frac{1}{4}$ of a day absent; two periods is considered a $\frac{1}{2}$ day absent; three periods or over will be counted as a full day absent. A student's contribution to and achievement in class are directly related to attendance.

It is critical for both students and parents to understand that students miss an essential portion of their education when they are absent from class. Furthermore, South Dakota statutes require the local Board of Education to enforce definite standards of attendance, with few valid excuses for absence.

Absences will be grouped under two main categories:

1. Excused: The Alcester-Hudson School will excuse any absence that the student's parent is aware of and approves. However, after the sixth absence per semester, all absences (excused or unexcused) will have to be made up. This means the student must make up the time and work missed before we will calculate the student's grades, grade point average, qualify them for honor roll, etc.
2. Truant: Absent from school without knowledge of

parents or the school for an invalid reason. It may also include an absence involving parental neglect. Student is required to make up all work and make up time missed after school.

An absence note from the student's parents should include (1) date of absence, (2) reason for absence, and (3) signature of writer. THE PENALTY FOR A "FAKE" CALL OR A FALSIFIED ABSENCE NOTE IS AN AUTOMATIC IN SCHOOL SUSPENSION.

ATTENDANCE POLICY: 7-12 After a student has been absent from school for six days during a semester, he or she will have to make up the work and the time missed for any portion of the day missed after six days. **Students who are hospitalized for a long period of time will have their stay in the hospital count as only one day.** If a student is not making progress towards making up the time, he or she will be assigned times to make up the time by the Principal.

This can be before school, after school, or during Saturday detention.

If a student has not made up his or her hours by the end of the semester, the following will happen:

1. *No credit will be given for any class for that semester*
2. *Your GPA will not be figured.*
3. *You will not be on any Honor Roll.*
4. *You will not receive open campus privileges during semester tests.*

It is your responsibility to:

1. Make sure you know where to report each day.
2. Be on time. If you are not on time, you need not report.
3. Get the teacher's approval at the end of the make up period.

Rules concerning make up time:

1. Normal make up time is scheduled for either 7:30-8:12 a.m. or 3:16-4:00 p.m. If you wish to stay at a time other than this, you may make arrangements with your teachers or Mrs. Haisch.
2. Make up time will be scheduled with the staff during the school term. If you desire make up time with a teacher other than the one assigned, you must talk to Mrs. Haisch.
3. You must be working on academic subjects during the make up time.
4. You may make up time during Saturday Detention if there is Saturday Detention scheduled.

If you do this, you need to notify the Saturday Detention Supervisor.

Extenuating Circumstances:

1. Any absence for a medical reason would not be counted in the six days as long as the student brought an appointment notice or brought something from the doctor that says he/she was seen that day.
2. Time that a student spends in the hospital would not count in the six days as long as notification was received by the attending physician.
3. Time that a student must spend at home for convalescence. This would have to be doctor ordered with the time specified.

South Dakota law requires regular school attendance of all students until the age of 18. Regular attendance is necessary for students to be successful in learning. Alcester-Hudson School district will adhere to all state laws pertaining to attendance. Codified Law 13-27-6.1 states: *An elementary and secondary student is eligible to be counted for school attendance up to six days in a school term if an excuse from actual school attendance is requested by a parent or guardian or certified doctor.* For the purpose of this policy, the principal is granted the authority to make the determination regarding the granting of the excuse.

A letter of attendance will be sent to parents after the 3rd and 6th absences. Failure to comply with mandatory attendance laws will result in notification of the courts. Therefore, after 10 absences, and every 5 absences thereafter, attendance records will be sent to the state's attorney.

ABSENCES AND ACTIVITIES: Students missing school any part of the day of an activity may not participate or play in that activity unless special permission is received from the principal or superintendent.

Each student is responsible for observing this regulation. A student who is unable to come to school because of illness will not be able to attend an evening activity at the school.

STUDENT EXCUSED TO ATTEND YOUTH PROGRAM EVENTS: A secondary pupil shall be eligible to be counted for school attendance up to five days in a school term when an excuse from actual school attendance is requested by a parent or guardian for

the purpose of attending events of state or nationally recognized youth programs of educational value.

STUDENT SIGN OUT SHEET: You must notify office personnel before you sign out. Students who fail to do this will be given Saturday Detention. Students who leave school during the school day (except for school activities) must sign out on the check list on the bulletin board in the office (first and last name). BE SURE TO SIGN FIRST AND LAST NAME AND THE TIME. Signing out on the sheet does not replace an excuse slip or a make-up slip for it is our means of locating you in emergency, telephone or for any other reason.

POLICY FOR DISMISSAL OF SCHOOL FOR STATE

COMPETITION: If a high school varsity team from Football, Girls Volleyball, Girls Basketball, or Boys Basketball qualifies for State competition school will be dismissed for those days of competition. Dismissal of school for any other team that qualifies for State competition will be reviewed on an individual basis. Calendar days scheduled for Spring Break will be used for attending this competition once school is dismissed. If other days are needed, they will be added to the end of the school year.

MEDICATIONS: This school policy will be strictly followed to insure safety for all students in the Alcester-Hudson Schools.

Guidelines for Administration of Medications – According to guidelines recommended by the State Department of Health, the following procedures were implemented on November 9, 1998 concerning prescription medications, which need to be given during school hours.

1. An order for the prescription medication signed by the physician must be provided at the time the medication is brought to school.
2. A form signed by a parent/guardian consenting to the administration of all medications during the school day must be on file at the respective school. This form consists of the following:
 - a. Student's name
 - b. Date
 - c. Diagnosis of student's illness or condition, if known
 - d. Name of medication to be administered
15
 - e. Amount of medication and the time of administration
 - f. Method of administration
 - g. Duration of treatment

- h. Precautions/reactions to observe or report
3. A parent/guardian or designated responsible adult should deliver to the school all medications to be administered by school personnel. If this medication is to be delivered to the school by another adult, the school must be notified by the parent ahead of time.
4. No more than a thirty (30) school day supply of medications should be stored at the school.
5. Medication provided to school employee by parent/guardian must be in the original container from the pharmacy.

In order to insure the safety of all of our students, we ask that you cooperate with us in these new guidelines.

Over the Counter Medications: A student in grades 7-12 may bring enough non-prescription medication to school for one day. This medication does not need to be brought into the office but must be kept on their person (not in their locker or in an unattended book bag or coat). The student may use the medication as needed. Students are not to provide medications to another person without the permission of the school nurse or a school administrator.

Penalty for having any prescription medication in school that has not been presented to the school office by an adult may include suspension or expulsion.

Students in grades K-6: All medications, prescription and non-prescription, must be brought to school by a parent/guardian and kept in the school office.

RULES AND REGULATIONS

SECTION II

FOOD, DRINK, GUM, AND BOOKBAGS will be allowed in the school but not in the classrooms unless given permission by the Principal.

Sunflower seeds will not be allowed in school.

CLASS MEETINGS - No class or organization meetings can be held without the presence of the advisor and a majority of the membership. No money shall be taken from any class or organization treasury to give directly to or to purchase a gift or gift certificate for any students, faculty member, or other person. The exception would be the scholarship fund set up by the National Honor Society. Class treasury money may not be spent without the prior approval of the class at a meeting at which a majority of the members are present.

FIRE DRILLS/TORNADO DRILLS: At least two fire drills will be held each semester. Exit routes will be posted shortly after the school term begins. File out quickly in an orderly fashion and

assemble on the blacktop east of the school for roll call. Tornado drills will be held in the fall and spring with instructions given at that time. Fire and tornado drills will always be announced.

VISITORS: Classroom visitors should be admitted only with a card of introduction from the principal. Class visitation is a privilege and may be revoked. Those who wish to visit, need to have permission from the principal the day prior to the visit.

DRIVING CARS: Students may not drive; ride in or on any car or motor vehicles anytime during the school day (8:12-3:16) without permission from the Superintendent or Principal. This policy also is in effect when a student is participating in a school activity away from school.

SCHOOL PURCHASES BY STUDENTS: Students may make school purchases only with permission of faculty advisor of the particular activity. The faculty member must approve the purchase and the student will be expected to sign the sales ticket and take the duplicate to the advisor.

Each student is to record the name of the buyer of each numbered ticket. This list is to be turned in to the advisor at the end of the campaign.

Tickets, which were lost, must be paid for by the ticket seller.

All tickets must be accounted for. Unsold tickets are to be turned into the office at the end of the sales campaign. It is the responsibility of the advisor to make certain that the money turned in matches the number of tickets sold.

In the event that actual merchandise is being sold, a record must be kept in the same manner of all merchandise which is checked out and all merchandise is to be accounted for in the same manner.

All sales campaigns must have a definite starting and ending time.

Make sure each sales person knows how to keep records. Good record keeping will insure that money is not misplaced and that each customer receives the merchandise they ordered.

All sales campaigns or money-making ventures must have prior approval of the Superintendent or Principal one week in advance with a purpose for the fund raiser. All fund raisers must be

for a class or school organization. No individuals will be allowed to sell things for personal profit.

A physician's certification of fitness to continue in the regular education program may be required of pregnant students only if such certification is required of other students with conditions requiring a physician's care. Pregnancy must be treated as a justification for a student's leave of absence for whatever time period the student's physician finds medically necessary.

Any student's pregnancy must be treated the same as any other temporary disability in student health insurance plans offered by the

school district. A student must be reinstated to the same status, which she held prior to her leave of absence.

DETENTION: It is hoped that no student will have to stay after school this year. In case that other methods of discipline fail, students who are disrespectful, disobedient or continually disorderly will be given detention slips and required to stay after school on the following school day. The purpose of the detention slip is to inform the parents of the incident and so that arrangements, if necessary, can be made for the student's transportation home.

The student is to obtain his/her parents signature to show they are aware of the detention and return the form to the principal's office by 8:22 on the school day after the form was received. Students who do not return the signed form will not be allowed to attend classes until the parents make special arrangements.

**ALCESTER-HUDSON SCHOOL
POLICY STATEMENT
USE OF ALCOHOL, TOBACCO, DRUGS, AND
CONTROLLED SUBSTANCES BY STUDENTS**

The board recognizes its share of the responsibility for the health, welfare and good of the students who attend the district's schools.

Alcohol and other drug use is wrong and harmful and can interfere with a student's ability to learn and function responsibly in the school setting and community. Anything that can interfere with the development of an adolescent, therefore, must be evaluated as to its impact to both the young person and the community. Psychoactive and mood altering drugs can destroy the health and well being of an individual. The school community recognizes alcohol and/or other drug use as a serious health problem and is committed to discouraging this behavior and to encouraging young people to choose a drug free lifestyle and to seek help should a problem arise.

As educators, we recognize that chemical use (alcohol and other drugs) has become a serious problem in our country. We accept our obligation to establish a positive environment in which these problems can be presented through a comprehensive school drug free program and be addressed locally in a helpful and supportive, rather than punitive way. One of our goals is to prevent all use by students. Accomplishing this goal, we realize will entail training teachers, counselors, and other staff members to educate themselves and the community about the impact of drug use. Other goals are to teach staff to identify indicators of alcohol and/or other drug use problems and to know what resources are available to address these problems if they are observed. The administration recognizes that the problems with alcohol and/or other drug use is a school and community issue. Therefore, we are committed to cooperate with agencies and community groups that address these issues.

The following document outlines policy on student use of alcohol and other drugs in the school district.

This policy is in effect on premises owned, leased, or maintained by the school district, at all school related activities on and off campus, on vehicles used to transport students to and from school or at other activities and in vehicles parked on school property. Student and parent members of the school community are expected to know and understand the policy provisions and its mandatory nature. A copy of the policy will be provided to all students and parents.

A student shall not possess, use, distribute, transfer, conceal, sell, attempt to sell, deliver, nor be under the influence of alcohol and/or other drugs, which affect the educational process of the school. Students shall not engage in alcohol and/or other drug use/abuse, nor possess paraphernalia specific to the use of alcohol and/or other drugs. Students who use prescription drugs authorized by a licensed physician do not violate this policy if the students conform to the prescription and appropriate school policies.

DISCIPLINARY SANCTIONS AND IMPLEMENTATION PROCEDURES

The following procedures will be used in dealing with possession, use, distribution, or being under the influence of alcohol and other drugs:

- A. First Offense - (for other than distribution)
 - 1. The administration will try to notify the parent(s)/guardian(s) by phone to explain the incident and arrange a conference;
 - 2. The administration may suspend the student for ten (10) days in compliance with student due process procedures;
 - 3. The administration will send a notification to the parent(s)/guardian(s) by first class mail at last known address, of the suspension within thirty-six (36) hours; and,
 - 4. The administration may notify available law enforcement authorities.

The school district recommends that students with alcohol and other drug abuse problems seek professional assessment from a trained chemical dependency counselor or a licensed physician trained in chemical dependency. Because we believe that chemical dependency is preceded by misuse, we feel confident that such early intervention can benefit the student before significant harm or dependency results. The suspension of a student who agrees to be assessed may be commuted to three (3) days.

The administration will provide a list of agencies/professionals that can do the assessment and provide treatment.

Fees for this assessment and treatment are the responsibility of the student and family.

Upon receipt of appropriate authorization, the agency or professional will notify the school administration that the student is willing to be evaluated and to comply with the treatment process.

- B. Second and Subsequent Offenses - (for other than distribution)
 - 1. The administration will contact the parent(s)/guardian(s) to arrange for a conference;
 - 2. The administration may notify available law enforcement authorities;
 - 3. The administration may suspend for ten (10) days in compliance with student due process procedures;
 - 4. Within thirty-six (36) hours, the administration will send a notification to the parent(s)/guardian(s) by first class mail at last known address of the suspension;
 - 5. The administration will recommend to the school board that the student be expelled unless the following procedure is followed:

- a. The student must agree to be assessed by a trained chemical dependency counselor or a licensed physician trained in chemical dependency;
 - b. Upon appropriate authorization, the agency or professional notifies the administration that the student has been assessed and does or does not require treatment. If the student is accepting needed treatment, the recommendation for expulsion may be commuted. Fees for this assessment and/or treatment are the responsibility of the student and family.
- C. Supplying/Distributing or Selling Alcohol and Other Drugs or Material Represented to be a Controlled Substance - (all occurrences)
 - 1. Within thirty-six (36) hours, the administration will send a notification to parent(s)/guardian(s) by first class mail at last known address, of the suspension;
 - 2. Supplying or selling chemicals may result in a ten (10) day suspension;
 - 3. The administration will refer the case to available law enforcement authorities;
 - 4. A hearing on the case will be conducted by the school board pursuant to due process rules for expulsion. Expulsion may be recommended by the administration.
- D. Students whose observed behavior indicates possible use of alcohol and/or other drugs will be referred to the building administrator. The building administrator and/or "first-responder" medical personnel will determine whether to contact the parent for further instruction, refer to the emergency authorization form or immediately seek additional medical treatment. Following the handling of the medical emergency, this Policy Statement for Alcohol and/or Other Drug Abuse will be followed.
- E. A Biennial Review of the School Districts Program Will be made
 - 1. To determine the program's effectiveness and implement changes to the programs if they are needed; and,
 - 2. To insure that disciplinary sanctions are consistently enforced.
